Prescription clerks/Dispensary checklist for Electronic Repeat Dispensing

- ➢ Is patient's therapy stable i.e. has patient been on the same medication at the same dose for at least a year? ☐

- ➢ Has the patient had a medication review in the last 6 months? ☐

- ➢ Are medicines suitable? (e.g. not instalment dispensing) ☐

- ➢ Synchronise medicines? Tally issues with next medication review date ☐

- ➢ Patient consent received? Record read code on SystmOne (read code: XaKRX) ☐

- ➢ EPS nomination added? Consent added to journal? ☐

- ➢ Raise eRD referral to prescriber for authorisation ☐

Checklist to determine patient suitability for eRD. Any issues should be highlighted/discussed with the prescriber and resolved before requesting the authorisation of any eRD batch prescription.
