Part Two – How to Access the PrescQIPP eLearning Courses

Step 1 - Open the PrescQIPP eLearning Platform (<https://moodle.prescqipp.info/login/index.php>) and login.
Your email confirmation of registration will also contain this link.

Step 2 – On this landing page, click “PrescQIPP Courses” on the right hand side of the page (as circled in red opposite), or scroll down to see the full list of eLearning courses available.

(See page 4 of this guide for details of the eLearning courses for Adult Social Care.)

The screenshot shows the PrescQIPP eLearning Platform landing page. At the top, there is a navigation bar with 'Home', 'Dashboard', and 'Help' links. Below this is an 'ANNOUNCEMENTS' section with a message: 'Your session will remain active for 2 hours. If you don't use the e-learning portal during this time you will need to login again.' Underneath, there are 'Site announcements' and a featured course: 'Our new and updated Reducing opioid prescribing in chronic pain course is now live'. On the right side, there is a 'Course categories' menu with 'PrescQIPP Courses' circled in red. Other categories include 'Courses made by PrescQIPP subscribers'.

Step 3 – Find the course you wish to access.
For example, “Course 1” pictured below.

Step 4 - Some of the courses require an access code (see page 4). If the course you have chosen requires an access code, please enter this in the “Access code” box within the “Use license code or purchase one on our e-learning store” section.

Access codes for courses that have been purchased by BLMK ICB (and therefore free-of-charge to access by ASC staff) can be found on page 4.

Enrolment options

Medicines use in care homes: course 1

This is the first of several bespoke e-learning courses to support care home staff involved in any aspect of medicines use. It replaces the 2017 version of the course.

Care home staff who are required to administer medication must have completed and satisfactorily passed the appropriate training, such as that provided by this e-learning course.

It covers: Safe use of medicines, Medicines basics, The Medicines Administration Record, General principles of medicines administration, The monthly medicines cycle and Self administration, as well as Administration of PRN medicines, solid doses, liquids, inhalers, topical products, transdermal patches and eye drops.

Approx time to complete: 5 hours over several sittings

Certificate requirements: Pass all module quizzes, complete case studies and 70% in final assessment.

Use licence code or purchase one on our e-learning store

If your local Integrated Care System or Health Board have purchased this course for your area and shared a code with you, or if you have already purchased a code on our e-learning store, enter the code below and click on 'Redeem access code and enrol'. If you do not have a code but would like to purchase one on our e-learning store, click on 'Purchase an access code'.
