

## Training Offer For Adult Social Care Staff

1

### Tier 1 - Medication eLearning

BLMK ICB are pleased to offer the following eLearning modules, for adult social care (ASC) staff, hosted by [PrescQIPP](#) (a Skills for Care Endorsed Provider for England). These eLearning modules (which carry a NICE endorsement statement) are designed to give learners a foundation knowledge in medicines management within social care and support the implementation of recommendations in the [NICE guideline SC1 \(Managing medicines in care homes\)](#) / [NICE Guideline NG67 \(Managing medicines for adults receiving social care in the community\)](#).

The following courses have been funded by BLMK ICB, therefore **access is free** (subject to receiving an **access code**) for ALL adult social care staff across BLMK.

All ASC staff involved in medication administration should complete the following eLearning courses, appropriate to care setting:

- [Medicines use in care homes: course 1](#)
- [Medicines use in care homes: course 2](#)
- [Medicines use in care homes: course 3](#)
- [Managing medicines for adults receiving social care in the community: course 1](#)
- [Managing medicines for adults receiving social care in the community: course 2](#)

More information and links to request access codes can be found [here](#).
